

Public statement

San Antonio, september 23th, 2017

Faced with the events that will take place in the near future, I declare

2010 beginning of the battle for the truth about the murder of Pablo Neruda.

2011 is organized a meeting with lawyers Pedro Piña and his colleague Eduardo Contreras. Initiation of the complaint.

2011 my complaint appears in the newspaper "Proceso" of Mexico and "Le Monde Diplomatique" France.

Becoming a world news.

In this process I have received the solidarity of the Nerudians of all the continents.

On October 16th, the results of the scientific research carried out by:

University Institutes in Denmark, Spain and Canada, supported by 13 science professionals including Chileans.

A deep emotion invades me when declaring that I will finally know what I have always said "Our Pablo Neruda was assassinated".

Let us not forget that the assassination attempts go from the physical disappearance to the destruction of its legacy. This implies the non-defense by the organs of the Chilean state of our Popular Anthology 1972, cruelly plagiarized and that is the gift of Neruda lego to his town. www.antologiapopular1972.cl
